## Hallelujah! Dreams and vision truly do come true!

Years ago God spoke very clearly and said, "Establish a headquarters." He said, "I want you to put everything I have poured into you over all these years into as many people as you can, preparing them for the end time harvest of souls." It is a dream that has come to reality.

**Over a year and a half ago God blessed us with a building.** This building was 110 years old and had been empty for years. It was an old country church. Because of the blessing from one individual, this building was purchased and is debt-free. But it was in bad, bad shape. The birds and the rats had taken over and made it their home. In the natural it was like, "Oh my God! What is this?" Truly a handy-man's fixer-upper. But Marty was up to the challenge. He told me, that God spoke to him and said, "David wanted to build me a house, but he could not because he was a man of war, so his son got to do it." God said to Marty, "You are not building me a house, but **you are restoring this building as a habitation for my glory.**" After God spoke to him, from that day forward, Marty did not let me come in the building. He worked on this building for one year, six months, and two weeks by himself.

**Our Grand Opening was December 19th.** On December 16th, at 6:10 at night Marty let me walk into the building for the first time. I thought he would take me through and tell me what he did here and there but he didn't. He had me close my eyes and come into the entry way. He had a praise tape ready to play. He said to me, "**This is my gift, first to God, and then to you. This song will say it all. I am going home. I want this to be a special time for you and the Lord.**" The song was "**I Exalt Thee.**" As Marty drove off and the song was playing, I opened my eyes. The building was absolutely stunning and the anointing was so strong I started crying. Marty's design through out the building was so elegant, in every minute detail. I had seen what it looked like before and he had transformed it so it looked like a new building. I cried as I went from room to room. Then I came to my office. When I opened the door, again I started crying. Everything was so elegant, but the thing that touched me the most was a special plaque on my desk. It is a pen set that says, "**Joan, Gift from God, from your loving husband.**"

This building was built with love. Unless the Lord builds the house, the laborers labor in vain. God directed Marty, and God's hand was on him strong. God spoke and said, "**Do not despise the day of small beginnings.**" **It is not a big building, but it is a great start.**

**This building will be a revival/training/outreach center.** We still will be traveling and ministering in churches throughout the USA, but we will be conducting schools of ministry in this building, fulfilling Ephesians 4:11-13, equipping the saints to do the work of the ministry. Out of this humble building we will be training up Katherine Khulman's, John G. Lake's, Smith Wigglesworth's, Billy Graham's, thousands of teachers and missionaries and pastors, to take what they learn to the world, sharing the love of Jesus with the multitudes.

**Our first school will be April 19th-24th.**

We had our first outreach on December 19th. Approximately 180 people from around the neighborhood came. Marty cooked and served ham dinner to 120 people. All the children got nice toys. Every family got bibles and CDs of the New Testament. It was a great success. The newspaper came and did a story on us which ended up on the front page. But greatest of all, approximately 62 people accepted Jesus Christ as their Lord and Savior. We had wonderful friends and ministers that came from surrounding cities to help us with this event. Pastors John and Karen Purcell dedicated the building. The reporter asked us what this building was all about, and then printed our reply: **IT IS ALL ABOUT JESUS, THAT PEOPLE WILL KNOW HIM AS THEIR LORD AND SAVIOR.** That is what we are all about, sending people around the world, sharing Jesus.

There were additional expenses to get this building up and running. Pray about sowing into the lives of the people that will be trained here. Remember, we still have all the expense of running the ministry.

**Pray and ask God how we, together, can impact the world with the love of Jesus.**

We love you,  
Marty and Joan Pearce
